

## BABYSITTING POLICY

BABY-SITTING FOR PATRONS -Baby-sitting for unrelated patrons of Sandbox is NOT ever allowed. Sandbox cannot assume the responsibility or the liability for staff members caring for children other than on the Sandbox premises (and including Sandbox field trips and outdoor activities.) Staff members are expected to inform patrons, if asked to baby-sit privately, that the Sandbox policy does not ever allow baby-sitting for Sandbox families. Due to the physical and mental fatigue factor involved in the work of child care, it is recommended that other outside baby-sitting be limited. If additional employment is wanted or needed, it is recommended that work other than baby-sitting or child care be sought. Programs that allow stay to babysit for families can be sued (along with the babysitter) if the child is harmed.

I/We have read and understand the Sandbox Schools Babysitting Policy as explained above.
