

Parent or Guardian:

This child care center participates in the USDA Child and Adult Care Food Program (CACFP) and receives Federal funds to provide healthy meals and snacks to all of the enrolled children. The amount of reimbursement the center receives is based on the information you provide on the attached Household Eligibility Application. Part of the USDA requirement is to ask you to complete the application. If your income is equal to or less than the income listed in the chart below for your household size, the center will receive a higher level of reimbursement. Read the attached instructions carefully and fill out all required information. We cannot approve an application that is not complete. Please return the completed application back to our center as soon as possible.

If a member of your family (child or adult) receives Supplemental Nutrition Assistance Program (SNAP) or Temporary Assistance for Needy Families (TANF) benefits; or you cares for a foster child that is the legal responsibility of the State through DCFS or the court, these children are eligible for meal benefits regardless of your household income.

If your income(s) is over the income guidelines listed below, you are not required to complete this application; however, it would be helpful if you would write your child's name on the application and return it to our center. Please notify us, if you or someone in your household becomes unemployed and the loss of income causes your household income to be within the income eligibility standards.
